

AREA OF SPECIAL BIOLOGICAL SIGNIFICANCE
SANTA BARBARA ISLAND

CHANNEL ISLANDS NATIONAL PARK

WATERS WITHIN SIX MILES OF SHORE
DESIGNATED AS NATIONAL MARINE SANCTUARY

UNITED STATES - WEST COAST
CALIFORNIA

SANTA BARBARA ISLAND

LOGARITHMIC SPEED SCALE

To find SPEED, place one point of dividers on distance run (in any unit) and the other on minutes run. Without changing divider spread, place right point on 60 and left point will then indicate speed in units per hour. Example: with 4 nautical miles run in 15 minutes, the speed is 16.0 knots

04' (CONTINUED ON CHART 18740)
