**PURPOSE**

The purpose of this report is to provide a general overview of the environmental and biological resources of the Bering Sea, and to provide a summary of the current status of the Bering Sea. The report is intended to provide a general overview of the Bering Sea, and to provide a summary of the current status of the Bering Sea.

**DESCRIPTION OF RESOURCES**

The Bering Sea is a large body of water, and it is home to a wide variety of marine life. The Bering Sea is home to a wide variety of marine life, and it is home to a wide variety of marine life.

**ENVIRONMENTAL RESOURCES**

The Bering Sea is home to a wide variety of marine life, and it is home to a wide variety of marine life. The Bering Sea is home to a wide variety of marine life, and it is home to a wide variety of marine life.

**BIOLOGICAL RESOURCES**

The Bering Sea is home to a wide variety of marine life, and it is home to a wide variety of marine life. The Bering Sea is home to a wide variety of marine life, and it is home to a wide variety of marine life.

**CONCLUSIONS**

The Bering Sea is a large body of water, and it is home to a wide variety of marine life. The Bering Sea is home to a wide variety of marine life, and it is home to a wide variety of marine life.
